Distribution policy update

Magellan Asset Management Limited ("Magellan") is pleased to announce a distribution policy update for the funds for which it acts as responsible entity ('Fund' or 'Funds').

For each Fund, Magellan intends to target a specific cash distribution yield ("Target Cash Distribution") and pay distributions semi-annually. Each Fund's Target Cash Distribution per unit for each semi-annual period will be based on the average of the month-end net asset values per unit applicable to a Fund, or a Fund's unit class, over a two year rolling period and will be announced at the beginning of each semi-annual distribution period.

This update harmonises the distribution policies across Magellan's Funds and, Magellan believes, provides investors with greater certainty on the amount of upcoming cash distributions.

The below table outlines the Target Cash Distribution per annum for each Fund and the Target Cash Distribution per unit that will be payable by each Fund for the six months ending 31 December 2020. Key dates for eligibility and payment of these distributions will be announced at a future date.

Fund	Target Cash Distribution per annum ¹	Target Cash Distribution per unit for the six month period ending 31 December 2020 (Cents per unit)
Magellan Global Fund	4%	4.88

Magellan Infrastructure Fund	4%	2.71
Magellan Infrastructure Fund (Unhedged)	4%	3.81
Magellan Infrastructure Fund (Currency Hedged) (Managed Fund) (ASX: MICH)	4%	5.95
Magellan High Conviction Trust (ASX: MHH)	3%	2.25
Magellan High Conviction Fund – Class A	3%	2.82
Magellan High Conviction Fund – Class B	3%	1.72
Airlie Australian Share Fund (Managed Fund) (ASX: AASF)	4%	5.21

¹ Magellan retains the discretion to amend the Target Cash Distribution of each of the Funds

At the discretion of Magellan, each of the Funds may distribute a payment out of the capital invested in addition to a distribution of net income or net capital gains.

Each of the Funds has elected to become an attribution managed investment trust ('AMIT'). Under the AMIT rules, investors will be assessed for tax on the income attributed to them by Magellan as a result of their holding units in a Fund. Where the income attributed to an investor (and which must be included in the investors' income tax return) is more than the Target Cash Distribution paid by the Fund, the tax cost base of the investors' units will increase by a corresponding amount.
